"Skiddoo" to the Daily Republican Office on next Saturday, March 23,—is the newest meaning applied to these now familiar figures. That's the day when you have an opportunity to save \$1.20 on a year's subscription to the Daily Republican. That's the day when the present publishers close their eleventh business year in Seymour and they propose to celebrate by offering to every citizen in Seymour a subscription to the Daily Republican for \$4.00 a year in advance, on that day only.

¶New cylinder press, new gas engine, new type, new mailing machine and other smaller items have all been added to the

Republican's equipment during the past year so that we may handle more business and give subscribers better service. The Republican prides itself on printing more home news than any other paper published in Jackson county. That's the reason it already has the largest circulation ever accorded any local paper published in the county, and that's the reason that circulation is constantly growing. Whether you have ever been a subscriber or whether you have never been a subscriber, the Republican wants you to take advantage of this Bargain Day Offer of a year's subscription to the Daily at \$4.00 in advance on next Saturday, March 23, 1907

CHAPTER IX.

"HOW did you come to do that?" That was the first question Captain Hallam fired at Duncan after the hotel waiter had quitted the room to bring a further supply of coffee and broiled bacon. "Why, it's simple enough," answered Duncan, with a touch of embarrassment in his tone. "You see, I was up there yesterday gauging coal. I knew the barges were anchored in a dangerous position, and so when the storm broke there wasn't anything else to do but get into my clothes and send the tug up there to the rescue."

"But it wasn't your business to look after the coal up in the bend?" Duncan slowly drank three sips of coffee before answering that eagerly questioning remark. Then he leaned forward and said slowly and with emphasis:

"I conceive it to be my business and my duty, as well as my pleasure, to do all that I can to promote the interest of the man who employs me."

"But that was a risky thing to do. You took your life in your hands, you know?"

"I suppose I did, but that's a small matter. There were twenty other lives

in danger. And what is one man's life when there is a duty to be done? We've all got to die some time."

"Captain Hallam did not utter the thought that was in him. That thought was:

"Well, of all the queer men I have ever had to deal with you are certainly the queerest. Still, I think I understand you, and that's queerer still."

"What do you want, Duncan, for last night's work?"

Duncan looked at his companion for half a minute before answering. Then he said:

"I want that tug captain of yours discharged."

"Why?"

"Because he's a coward and an utterly unfit man. Human life may depend upon his courage at any moment, and he has no courage."

"Is that all you want?"

"Yes. That's all."

"Why don't you demand an increase in your salary? Anybody else would. But perhaps you don't care for a bigger salary. You're a queer sort, you know."

"Oh, yes, I care very much for an increase," answered Duncan.

"Then why didn't you seize upon the opportunity to ask for it?"

"Must I tell you frankly?"

"I wish you would. It might help me to understand you."

"Well, it is simple enough. You gave me employment when I was desperately in need of it. I should be an ingrate if I did not consider your interests in all that I do. I think I ought to have a larger salary than you are now paying me. I think I earn it, and it has been my purpose to ask for it when the proper time should come."

"Then why haven't you been in a hurry to ask for it now? There couldn't be a better time."

"Pardon me, but I cannot agree with you. It so happens that just at this moment I have several very important matters of yours in my charge. You have intrusted them to me, and they have come so exclusively under my control that nobody else, not even you, could conduct them to a successful issue so well as I can. Under such circumstances, of course, I cannot make

any personal demand upon you without indecency. To do so would be to take advantage of your necessities. It would amount to a threat that if you refused my demands I would abandon these enterprises and leave you to get out of all their difficulties as best you could. Don't you see, Captain Hallam, that under such circumstances I simply could not make a demand upon you for more salary or for anything else of personal advantage to myself?"

"No, I don't see it at all, and yet somehow I seem to understand you. If I were in your place I'd regard these circumstances as trump cards, and I'd lead them for all they are worth. So would any other man in the Mississippi valley or anywhere else, I think."

"That may perhaps be so, and I suppose I am 'queer,' as you say. But to me it would seem a despicable thing to take advantage of the fact that you need me in these affairs of yours. You have bidden me be frank. I will be so. When I came to Cairo I sought work of the hard physical kind at the small wages that such work commands. You quickly gave me better work and larger pay than I had expected to earn for months to come. Little by little you have advanced me in your regard until now I seem to enjoy your confidence. When you first brought me into contact with the big men of affairs—more or less big—I was oppressed with an exaggerated sense of

their greatness. Presently I discovered that, while you are always deferential toward them, you are distinctly their superior in intellect and in your grasp of affairs. You allow them to think that they are your masters, while in fact you never fail to have your way, and to compel them and the many millions of other people's money whose use they control to your own purposes."

At this point Hallam uttered a low chuckle.

"A little later I discovered another fact," continued Duncan. "It slowly dawned upon my mind that you put me forward in your conferences with them because you valued my suggestions and my initiative more than you did theirs. Thinking of that, I came at last to the conclusion that I must, in fact, be superior to these men in those qualities that originate, execute, achieve; otherwise, with your genius for affairs, you would have suppressed me and listened to them."

Again Hallam chuckled.

"Then another thought occurred to me. The only reason why they can execute plans that I conceive, while I cannot, is that they have considerable money of their own and command of much greater sums than their own, while I have neither. They have the tools and the materials; I have neither. The clumsiest mechanic who has tools and materials to work with can do things that the most skillful mechanic who has neither tools nor materials cannot do."

Industrial Workers Lose Out.

Goldfield, Nev., March 19.—All stores re-opened, but the employees are not members of the Industrial Workers of the World, the employers having given clerks the alternate to withdraw from that body or to forfeit their positions. Very few clerks remained to the Industrial Workers of the World. The American Federation of Labor will proceed to organize the clerks under the American Federation of Labor. The town is orderly.

A Reporter's Pipe Dream.

San Antonio, Tex., March 19.—Very little new testimony was taken yesterday in the Penrose court-martial. The trial is drawing to a close and the examination of witnesses is being shortened. The story of D. O. Gray's alleged confession is considered here as a fake. A telegram to the department headquarters here from Lieutenant Fred Van S. Chamberlain, recruiting officer at Houston and Galveston, says: "Gray story a fake. Gray has worked in Galveston seven years and has never been in the army."

Marty Women Will Strike.

Vienna, March 19.—At three mass meetings of dressmakers and ladies' tailors, it was decided to strike for an increase of wages, 9,000 women and girls and 3,000 men being involved.

Strikers Were Starved Out.

Lodz, March 19.—The lockout here has ended. The workmen, having exhausted their funds, decided to return to work unconditionally.

A SICKENING TALE

Another Chapter of Horrors Is Admitted In Evidence In the Thaw Case.

WHIPPED HER BARE BODY

In the Much Discussed Hummel Affidavit Evelyn Charges Thaw With Gross Cruelties While In Europe.

The Case Rapidly Coming to a Close and Verdict May Be Expected by Friday Night.

New York, March 19.—When the Thaw trial was adjourned last evening there remained but four expert witnesses to be examined before the taking of evidence closes. Three experts were disposed of yesterday in a little more than an hour, so that it is generally believed that the last word of evidence may be uttered in the famous case today. In that event the summing up by Mr. Delmas for the defense will begin Wednesday morning. District Attorney Jerome will reply on Thursday. Justice Fitzgerald may proceed immediately with his charge to the jury, or he may defer it until Friday. Unless the unexpected happens there should be a verdict by Friday night.

The case for the people was finally closed by the introduction of the much discussed Hummel affidavit, which, with the consent of the defense, was read in full to the jury. The affidavit proved a surprise only in the alleged severity of the assaults Harry K. Thaw is said to have made upon Evelyn Nesbit during their trip through Europe in 1903, when, according to the testimony of Abraham Hummel, Miss Nesbit would not sign statements which Thaw had prepared accusing Stanford White of having drugged and ruined her.

In this affidavit Miss Nesbit charges Thaw with having attacked her with a cowhide whip while they were stopping at an old castle in the Austrian Tyrol and lashing her bare skin until she became faint from the pain and swooned. He repeated the attack the next day, according to the affidavit, and afterward in Paris he beat her at half hour intervals throughout one entire day, leaving off only when she would faint away and could no longer understand what was happening. Miss Nesbit is alleged to have sworn in the affidavit that she was in daily fear for her life and that Thaw acted as a demented person during some of the assaults.

The affidavit was in some ways a direct contradiction of Hummel's recent testimony upon the stand. In order that the defense might not prevent him from telling the story of the making of the affidavit, he stated positively that he was not acting as Miss Nesbit's attorney when he drew up the document; that he was acting solely in behalf of the young woman who is now Harry Thaw's wife.

There was considerable surprise consequently when Mr. Jerome read the opening words of the affidavit, which were: "Supreme Court, County of New York: Evelyn Nesbit, plaintiff, against Harry Kendall Thaw, defendant." It is said the action contemplated when the affidavit was made was the recovery of certain property which it was alleged Thaw had wrongfully taken from the girl.

In dictating the affidavit Hummel referred to himself as Miss Nesbit's attorney, she being reported to have said: "I have received certain letters and cablegrams from Thaw which I have turned over to my attorney, Mr. Abraham H. Hummel." The affidavit is also endorsed "Howe & Hummel, attorneys for plaintiff."

When Mr. Delmas began the introduction of this in rebuttal, he introduced first of all the record in the trial and conviction of Hummel on the charge of conspiracy. He started to read the entire record, but had not reached the remarks Mr. Jerome made at the sentencing of Hummel and which Mr. Delmas wanted to present to the jury, when Mr. Jerome said he

would admit the entire record without objection. Mr. Delmas then said he would save the district attorney's references to Hummel for the defense's summing up.

Next Mr. Delmas put upon the stand three policemen who saw Thaw the night of the tragedy or early in the morning after, and they all declared that he either looked or acted irrationally. To two of them he complained of hearing young girl's voices. The witnesses on cross-examination said that there were seven women of the street in the station house the night Thaw was there and they were making considerable noise, but could not be heard from Thaw's cell.

After this testimony had been presented Mr. Delmas passed to the final stages of the trial by introducing the first of seven alienists employed by the defense. Dr. Graeme M. Hammond, Dr. Jelliffe and Dr. W. A. White, superintendent of the government hospital for the insane at Washington were interrogated on the hypothetical question framed by the district attorney. All three of the experts declared Thaw was so mentally unbalanced at the time he killed Stanford White that he did not know the nature or quality of his act and did not know that the

act was wrong. None of the three would classify the form of insanity from which they said the defendant was suffering.

NORMAL CONDITIONS

Wall Street Beginning to Settle Down to Old Gait.

New York, March 19.—There was a marked abatement of excitement in the dealings in stocks Monday from the enormous transactions and wild price fluctuations of last week. The price movement still showed a degree of feverishness that was the effect of last week's turbulent market, but the reduction in the volume of the day's sales is conclusive evidence of the settling back of the market into more normal conditions. So also was the check to the headlong advancing tendency of Saturday, which was wholly due to the distress of bear operators, who had continued to sell stocks short recklessly down to the lowest depths of Thursday's plunge and who were compelled to buy to cover on Saturday by the volatile recovery. The very violence of the recovery gave warning of its unreliable nature and speculative sentiment was quite prepared for a check and a reaction Monday. In fact, the London market had already anticipated this course before trading began here, and sent over a materially lower range of prices than the closing here.

Sought Death Together.

Hillsdale, Mich., March 19.—Mr. and Mrs. L. H. Tarpening, an aged couple who had been in feeble health for months attempted to commit suicide together by wrapping their heads in cloths soaked in chloroform. Only the aged woman was successful, however. When they were found she was dead, and her husband, although unconscious, responded to the efforts at resuscitation.

An Atlantic Derelict.

New York, March 19.—The loss at sea of the Norwegian steamer Skuld, while bound from Philadelphia to Rotterdam, has been reported by officers of the steamer Bosnia of the Hamburg-American line. The Bosnia sighted the Skuld lying on her beam ends about 150 miles south of the island of Miquelon, on March 13. Her crew had evidently abandoned her, and it was believed by the Bosnia's officers that they were taken off by some vessel which sighted her before the Bosnia. The position of the derelict is in the pathway of the transatlantic liners and is regarded as dangerous to the steamers crossing the ocean.

The Douma in New Quarters.

St. Petersburg, March 19.—The lower house of parliament resumed its sessions today in the hall of the nobility, where the council of the empire usually meets. The extent of the repairs which must be made to the Tauride palace have necessitated the temporary installation of the Douma elsewhere. The collapse of the ceiling of the sessions hall of the Tauride palace was followed by the fall of portions of plastering in the members' lobby and in the magnificent Catherine's hall. Scaffolding has been hastily erected in order to prevent further damage.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

The claim of Shields & Shields amounting to \$60.70 for 607 loads of gravel was referred to the Board of Public Works for verification.

The request of the Merchants Association for a conference on the gas and electric light question was granted.

Robertson introduced an ordinance to require the Southern Indiana Railroad Company to station a flagman where the Southern Indiana crosses east Seventh street. Ordinance read first time.

Weaver introduced an ordinance to require the Southern Indiana Railroad to station a flagman where this railroad crosses north Ewing street. Ordinance placed on first reading.

The street commissioner was instructed to look after the repair of streets that were washed during hard rains.

The Hobbapp Hominy Company petitioned the council for the privilege of building a shed over the switch at their plant extending out over the sidewalk. Privilege was granted on motion.

On motion a committee consisting of the Clerk, Engineer and Jerrill was appointed to look after the purchase of small quantities of supplies for the street department when needed on short notice.

The city engineer was instructed to examine the drainage along the B. & O. S-W. railroad in the Fourth ward and report back to the council as to the best means of ridding that part of the city of surface water.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol For Dyspepsia

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. For Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured. MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. D. KAUBLE, Nevada, O.

Several matters pertaining to the repair of streets and drains were referred to the street commissioner.

Council adjourned at 8:45 at which time the Merchants Association entered for a conference on the light question.

When the merchants were seated Mayor Kyte called Fred Able, president of the Merchants Association to the chair. He announced that a committee had been appointed by the association to investigate the light question and that these men would speak for themselves. P. J. Niehter was called and stated that the purpose of the merchants was not to dictate to the council but to advise and render all assistance possible in this important question. Jno. A. Ross spoke next, he to emphasizing the importance of the subject under consideration. He said we now have inferior gas and were paying a high price for it. He said the new contract should make provision as to quality as well as price. The new contract will be for the future and there should be no mistake. He said if the present company would not enter into a satisfactory contract the city should seek a contract with another company.

City Attorney Kamman was called and also said that both the price and quality of gas should be made a matter of contract and assured the merchants that the council would give the light question thorough consideration and guard the interests of the people. N. Kaufman, Victor Fetting, J. W. Conner, George Huber, W. F. Peter and U. P. Lewis talked on the subject all during the importance of the question.

Each of the councilmen and the mayor spoke thanking the merchants for the commendable interest in the light question and assuring them that their proffered assistance was appreciated. Brethauer, seconded by every member of the council, asked the Merchants Association to appoint a committee of three to serve with a committee from the council in the consideration of the light question. This was at once agreed to.

The spirit of this meeting was excellent and will doubtless result in good to all the people of Seymour when a new light contract is consummated.

BILL VETOED. MILITARY BAND

Governor Hanly Disapproves the Automobile Railroad Bill. Makes an Appeal to the Citizens for Support.

Among the many bills vetoed by Governor Hanly last Saturday was the one introduced by Representative Honan which was for the purpose of granting the same rights to automobile railroads as are granted to steam and electric roads. It was under this act that Elder Z. T. Sweeney was expecting to build a concrete track over which to run automobile cars between Seymour and Brownstown. The Governor gave as his reason for disapproving the bill that the title was defective.

The killing of this bill does not necessarily put a stop to Mr. Sweeney's plans, but it does prevent the voting of a subsidy or condemning land for right-of-way. The Governor's disapproval of this bill, which passed both House and Senate, almost unanimously, will be a great disappointment to many people in Jackson county.

Married.

BORCHERDING ISAACS
Mr. and Mrs. Henry D. Borcharding and family, Mr. and Mrs. William Borcharding, John Kasting and Rev. and Mrs. Harley Jackson drove to Honeytown Monday afternoon to be present Monday evening at the marriage of Herbert Borcharding and Miss Cora Isaacs. The wedding occurred at the hospitable home of the bride's parents, Mr. and Mrs. W. M. Isaacs. Only about twenty-five or thirty of the immediate relatives of the contracting parties and a few very close friends were present to witness the ceremony. After the wedding ceremony, which was performed by the Rev. Harley Jackson, supper was served. Those going out from here returned to Seymour Monday night and the bride and groom drove here early Tuesday morning. The Borchardings left on the 9:50 train Tuesday morning for their future home in Canada. They will arrive at Winnipeg, the capitol of Manitoba, some time Thursday night, if they make train connections all right. From Winnipeg they will go out some distance on another road to their new home near Manitow. Quite a large number of friends were at the depot here to bid them good-bye.

Riley Rider, of Crothersville, spent Sunday here with his daughter, Mrs. Wm. M. Coryell.

C. J. Roach and Ed McClintock, of the D'Heur-Swain Lumber Company, were here Monday from Indianapolis.

W. P. MASTERS,
Seymour, Mar. 18, 1907.

To the people of Seymour: The Seymour Military Band beg to thank those who have in the past taken an interest in the band's welfare, and while thanking our present friends we make the following appeal for more friends. During the past ten years great progress has been made in music, and good bands have become very popular institutions in many localities. The mission of the Brass Band is for the community. Perhaps no other features can contribute so much to a town's life and pleasure. This being a fact it is just that a band be looked upon in a measure as a public institution and this view makes its success a matter of interest to every citizen. Think for a moment at the usefulness of a band. A celebration of any kind is tame indeed without its inspiring strains. Not only does every holiday and campaign speak for its utility. But other occasions, some joyful, other of deepest sorrow, find in Brass Bands the only adequate auxiliary. Its mission may truly be said to express in a musical tone the voice of the people. This newly organized band has the best talent obtainable, and with our new set of high grade instruments, should insure a success. As this band is entirely composed of working men of moderate means, who have gone to great expense for their instruments. We make the following appeal to the citizens of Seymour:

We are very much in need of uniforms to make this band complete, therefore we ask every citizen to help us with a liberal donation in order to get these uniforms. Providing we are successful in the required donations, with this end in view, the band proposes to give weekly free open air concerts during the season, as soon as the weather will permit.

We wish to say in conclusion that our aim is to become a first class band, a band you will be proud of, and to acknowledge as "our" band. And if we can get your assistance, we will surely show the public our appreciation. Trusting you will all be willing to contribute freely, we remain
Yours truly,
SEYMOUR MILITARY BAND.

Circuit Court.

The case of the State vs. Dr. Ira Nelson, of Crothersville, for issuing an alleged worthless check to the People's State Bank, of Brownstown, was tried in the circuit court at Brownstown Monday and after being out for more than two hours the jury returned a verdict of not guilty. The circumstances, as we gather them, were somewhat as follows:

Dr. Nelson owed the People's State Bank \$3,000 in two notes, for which settlement was made on the 15th of December. \$175.37 of this amount was paid by check on the Crothersville bank. It developed that Dr. Nelson thought he had the money in the bank but it was not there. However it is said that \$1,400 was deposited by him the next day. The check was not presented for payment till some time later, at which time there was not sufficient money left in the bank to pay it.

The case of Weddle vs. Fountain for services, which was venued here from Lawrence county, was being tried in the circuit court at Brownstown today before a special jury.

New Music Instructor.

Miss Haley Burton, of Scottsburg, the eldest daughter of the late Rev. C. O. Burton, of that place, has accepted a position as an assistant piano instructor in the Seymour school of music. The position came to Miss Burton unsolicited and her friends here congratulate her on securing the same. Prof. Norton has certainly shown good judgment in his selection of an assistant who is sure to become popular with the students of the school. Miss Burton came up Monday morning and began her duties Monday afternoon. She will probably have four or five hours of work to do each day besides continuing the course of music which she herself has been taking for some time under the direction of Prof. Norton. We were not able to learn where Miss Burton is to be located here in the city.

Marriage License.

The following marriage license was issued Monday morning at Brownstown by County Clerk Tinder. These were the first licenses that had been issued for more than a week:

Otis Hooker, of Hamilton township, to Minnie Cole, of Owen township.

John Borgstede to Hannah Mellenbruch, both of Hamilton township. Herbert Borcharding to Cora Isaacs, both of Hamilton township.

Sack Race Wednesday Night.

There will be a hoop sack race at Hopewell's skating rink on Wednesday night at nine o'clock in which twelve boys will participate. City Court.

A number of cases were called in city court Monday morning before Mayor Kye, most of which cases were too shocking to appear in print. The offenders being women makes the offenses the more shocking and yet it is no worse than for men to be guilty of the same offenses. The authorities will have the encouragement of the better class of citizens in their attempt to better these conditions and enforce the law along all these lines.

Do Not Crowd the Season

The first warm days of spring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown and many shed their flannels. Then a cold wave comes and the people say that grip is epidemic. Colds at this season are much more danger of pneumonia. Take Chamberlain's Cough Remedy, however and you will have nothing to fear. It always cures and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by C. W. Milhous.

In New Location.

John Loertz, proprietor of the Loertz bakery moved into his new location Monday on the first floor of the building formerly occupied by Binder's hardware store. He now has an abundance of space and the rooms are lighted by the National Hollow Wire lighting system. The room which Mr. Loertz has just vacated will now be for sale or rent.

He closed a six months' term of school at Stilesville, Hendricks County, a week ago last Thursday and returned home last Tuesday. He expects to re-enter Indiana University at the beginning of the spring term to take his A. B. degree. Mr. Robertson is majoring in History and Economics and expects to graduate at the close of this school year.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney Co., Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Governor Taking the First Vacation Since His Inauguration.

Indianapolis, Ind., March 19.—The matter of appointments for place created by the recent session of the legislature is off for the present, as Governor Hanly has left for Harrisburg, Pa., to spend a week with S. E. Nicholson, an Anti-Saloon League leader, who was formerly a resident of Indiana and author of the famous Nicholson remonstrance law. The governor will make two speeches in Pennsylvania, but he proposes to get as much rest as possible. This is the first vacation he has taken since his inauguration. He has the appointment of two members of the state board of tax commissioners and members of several commissions, but they will have to wait until his return. It is understood that the governor insisted on Warren Bigler, ex-auditor of state, accepting an appointment as member of the tax board, but Mr. Bigler would not accept. Among the new candidates for the places on the tax board is Harry Sheridan, a Frankfort attorney, who is said to have strong endorsements. The friends of Dan Chapin of Rockville are bringing all possible pressure to bear in his behalf and are hopeful of landing him on the commission.

The board of agriculture met today to authorize the issuance of \$100,000 in bonds for the erection of the new livestock pavilion at the state fair grounds. The bonds will bear interest at 4 per cent. They will be non-taxable and the interest will be payable semi-annually. All bonds are to be paid by Nov. 1, 1910, by the state treasurer. The board also accepted the plans for the pavilion and authorized the publication for bids on the contract for the erection of the building. The building will be oval in shape, 350 feet long by 200 feet wide, fifty feet high at the eaves and ninety feet high at the top of the cone. The show arena will be oval in shape, 270 feet long by 120 feet wide. Eight tiers of seats will rise from the arena on all sides. The seating capacity of the building will be 8,000.

Chamberlain's Cough Remedy is Both Agreeable and Effective

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by C. W. Milhous.

The recent session of the legislature enacted 294 laws that were signed by the governor, and six joint resolutions that will be included in the acts of 1907. Deputy Secretary of State Grubbs said this afternoon that it is probable that the acts will not be published before April 15, although they are being put into print as rapidly as possible. It was at first thought that they might be published and promulgated by the governor as early as April 10.

Inter-Tribal Warfare.
Ceuta, Morocco, March 19.—Severe intertribal fighting between the adherents of Kaid Hassan and Vallente, the chief of the Anjera tribesmen, resulted in a defeat for the former. No details have been received as to the losses sustained.

Senator Kamenway has arrived from Washington and will remain in Boonville about a week, when he will return to Washington to assist in the investigation into the Brownsville affair. The senator is expected here tomorrow to confer with some of his political friends.

A Series of Suicides.
Hammond, Ind., March 19.—Mrs. Lulu Evans Bereolos, wife of Gus Bereolos, committed suicide by drinking carbolic acid. Bereolos is one of the richest Greeks in the West and owns cafes in Chicago, Hammond and Crown Point. Mrs. Bereolos was only twenty-five years old. She began suit several months ago for divorce, alleging infidelity and drunkenness. An unidentified man threw himself under an engine on the Michigan Central railway and was ground to pieces before the engineer could blow his whistle.

Because his fellow-workmen called him a "scab," Frank Ahlstrand walked into a saloon, called for a glass of beer and then shot himself through the heart, death being instantaneous. Believing that his nineteen-year-old bride of two weeks had been unfaithful just before his marriage to her, Michael Haines hanged himself with a clothesline to a beam in his barn.

Rheumatic Pains Relieved.

B. F. Crocker, Esq. now 84 years of age and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I am terribly afflicted with sciatic rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by C. W. Milhous.

POOR BABY'S FACE ITCHED TERRIBLY

Face and Neck Covered with Inflamed Skin — Suffered Terribly — Mother Took Her to Doctors and Colleges to No Avail — Lost Faith in Medicines — Friend Suggested Cuticura Remedies and

CHILD IS NOW THE PICTURE OF HEALTH

"My baby's face and neck were covered with itching skin similar to eczema, and she suffered terribly for over a year. I took her to a number of doctors, and also to different colleges to no avail. Then Cuticura Remedies were recommended to me by Miss G., who was telling me how they helped her. I did not use it at first, as I had tried so many other remedies without any favorable results. At last I tried Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent Pills, and to my surprise noticed an improvement. After using three boxes of the Cuticura Ointment, together with the Soap and Pills, I am pleased to say she is altogether a different child and the picture of health, and now I have a firm belief in Cuticura Remedies and would not be without them in the house. I will gladly let you publish this testimonial as I would like others to have the same benefit that we did, and you may be sure I will recommend them strongly to everybody I know and to those I don't know, too." Mrs. A. C. Brestlin, 171 N. Lincoln St., Chicago, Ill., Oct. 20 and 30, 1906.

River Still Rising.

Evansville, Ind., March 19.—The Ohio river continues to rise here. It is probable a stage of 44 feet will be reached on the present rise. Several families in the bottoms below and above here have been brought here on the packets. There is a good deal of destitution reported in the bottoms. White river at Petersburg lacks but two inches of being at the stage reached during the big flood in January.

Secured Another Postponement.

San Francisco, March 19.—Upon request of the prosecution, the trial of Abraham Ruef, charged with extortion, has been postponed until March 25 in order to await the action of the supreme court of the United States at Washington on the writ of error granted to Ruef by Judge Hebbard. The writ of error will come up in Washington next Monday.

Peasant Excesses Continue.

Bucharest, March 19.—The peasants are continuing excesses in several districts of Moldavia. The Jews of that section are in great distress and have telegraphed King Charles and the Premier, imploring their protection.

Cause of Stomach Troubles.

When a man has trouble with his stomach you may know that he is eating more than he should or of some article of food or drink not suited to his age or occupation, or that his bowels are habitually constipated. Take Chamberlain's Stomach and Liver Tablets to regulate the bowels and improve the digestion and see if the trouble does not disappear. Ask for a free sample. Sold by C. W. Milhous.

A PLUCKY EDITOR

Virgil Geiger Is Not Going to Give Up Job Because of Incendiary Threats.

A VICTIM OF SPITE WORK

Editor's Appointment to Position of Postmaster Followed by Attacks of Unknown Enemy.

Threats That His Barn Would Be Burned Were Executed and There Are Others Unfulfilled.

Columbia City, Ind., March 19.—Virgil Geiger, editor of the Churubusco Truth, who was recently appointed postmaster at Churubusco, seems to be the victim of spite work. A few days ago he received an anonymous letter, warning him if he accepted the position his dwelling house and barn would be burned, and, in a few days after the announcement was made at Washington that he was appointed, his barn was burned, with his buggies and a lot of telephone supplies that belonged to the plant he owns in Churubusco. Yesterday he received a letter saying that if he took the office he would be put out of the way in six weeks. The letters were not mailed through the postoffice, but were dropped on the porch of his dwelling and were picked up by his wife. Mr. Geiger is game, and says that he will take the office, and if anyone gets the better of him he will have to hurry. The case is attracting considerable attention on the part of the officials in Churubusco, and Mr. Geiger is watching several persons he has under suspicion.

GLASS PLANT SWEEP BY FIRE

American Factory at Alexandria Destroyed by Incendiarism.

Alexandria, Ind., March 19.—The plant of the American Window Glass company at this place was destroyed by fire. The buildings covered five acres of ground. The plant was the largest glass house in this section of the state. For the last year operations had been suspended, but recently representatives of the company came here and discussed plans looking to a resumption of business. When in operation the plant employed 300 men and 100 boys. The fire completely destroyed the buildings, and the large amount of valuable machinery is a mass of tangled, twisted debris, of no value save as junk. There was also a large amount of glass stored, which was transformed into a molten mass. Two boxcars on the Lake Erie & Western railway sidetrack were also destroyed. The company employed a watchman, but when the fire was discovered it was beyond control, and the department gave its attention to saving the adjoining residences. Incendiarism is thought to have been responsible for the loss, which will reach \$15,000, with \$9,500 insurance. The plant was owned by Pittsburg people.

Shot by His Son-in-Law.

Muncie, Ind., March 19.—Thomas Farrell, sixty years old, was shot in the abdomen and probably fatally wounded by his son-in-law, Walter A. Crow, twenty-four years old, a saloon keeper. The men had quarreled previously over Crow's alleged abuse of his wife, Farrell's daughter, and when they met on the street Farrell, armed with a hammer, started to attack Crow, as asserted by persons who were in the party. Thereupon Crow fired only once and Farrell fell. Crow is under arrest.

Tried to Wreck a Train.

Kokomo, Ind., March 19.—David Vannecken was arrested for an alleged attempt to wreck a Pennsylvania passenger train. He wired a tie across the rails, it is said. The engine slowed down for a switch so that no one was hurt, although one coach was dented. He admits the act, it is said, saying that he had been drinking.

Acquitted of Serious Charge.

Terre Haute, Ind., March 19.—The jury in the trial of Joseph L. White, accused of robbing the bank at Clay City of \$1,000, three years ago, returned a verdict of not guilty. He was brought to Indiana at the time of his release last fall from the Leavenworth prison, where he served time for mail robbery.

Child Accidentally Killed.

Marion, Ind., March 19.—While Mr. and Mrs. Daniel Hutchins of Swayzee, accompanied by their four-year-old child, were enjoying a stroll, the child was struck by a stone thrown by children at play, and the skull fractured so badly that death resulted in a hospital here.

Caught by a Streetcar.

South Bend, Ind., March 19.—Frank Smith an employee of the Matthews boiler works, was instantly killed by a streetcar. He was caught while crossing the street. Smith was thirty-five years old and leaves a widow and five children.

Serious Illness of James Oliver.

South Bend, Ind., March 19.—James Oliver, inventor and capitalist, is seriously ill. He is nearly eighty years of age.

The winds of March have no terror to the user of DeWitt's Carbonized Witch Hazel Salve. It quickly heals chapped and cracked skin. Good too for boils and burns, and undoubtedly the best relief for piles. Sold by all druggists.

BUSINESS COLLEGES ARE FAILURES

In small cities and towns, because:

1. There is not a sufficient population to support a GOOD school;
2. Such schools are usually conducted by persons who are NOT qualified, or who make it a practice to travel about and defraud their patrons;
3. There are few if any opportunities for their graduates to secure employment in such localities;
4. The THOROUGH business colleges are located in the larger cities and are conducted by persons who are qualified;
5. The graduates of business colleges in small cities or towns can not secure employment in large cities when thrown in competition with the THOROUGH graduates of high-class schools, as business men have no time to experiment with incompetents.

Therefore, be wise. Send for the finest 68-page catalogue ever issued by a commercial school, before deciding to throw away your money for a worthless training at some cheap school.
